Put your best foot forward. Join the world of footwear and accessory design at Canada's most important fashion school.

With the specialization in Footwear and Accessory, this DCS program is the first of its kind, opening the doors for you to become an exceptional creator in this industry.

Career Prospects

Shoe and accessory design is an important function in the Québec fashion industry.

Training a competent and creative workforce within this industry is essential, which is why we developed this program in collaboration with the ALDO Group, an important player in the fashion ecosystem in Québec and worldwide.

Career Fields

- Footwear Designer,
- Fashion Designer,
- Accessory Designer,
- Patternmaker,
- Product Manager.

Opportunities

Our unique approach incorporates real-world experience with classroom learning for a hands-on, practical education.

- Collaborate with active industry professionals;
- Sharpen skills in a practical setting;
- Create a portfolio tailored to your career objective

Cutting-edge Facilities and Equipment

Experiment with materials, patterns, and designs using cutting-edge, industry-standard equipment, software, and technology in our advanced facilities, including:

- Clothing technology laboratory equipped with:
 - Sublimation printing equipment,
 - Specialized machines for shoes and leather accessories (skiver, walking foot, swivel arm, post bed).
 - Seam sealer (for waterproof seams),
 - Flatlock (for seams on stretch fabrics),
- Patronage, drawing, and cutting room (open to students outside class hours),
- Fully equipped photo studio,
- FLEX classrooms,
- Active learning classrooms,
- And many others!

Diploma and Accreditation

This Diploma of College Studies (DCS) is accredited by the ministère de l'Enseignement supérieur of Québec and is internationally recognized.

Holders of a Diploma of College Studies (DCS) can pursue university studies or enter the workforce directly.

Work Experience

Our Fashion Design - Footwear and Accessory program also includes a **120-hour internship or a business start-up project** as part of the curriculum.

For this program, you'll
need to use your own
computer equipment.
