The Art, Design and Communication School empowers you to become a passionate and bold interior designer, drawing on the expertise of our dedicated teachers. Create aesthetic, functional, and safe interior design concepts for residential, commercial, cultural, institutional, and industrial buildings.

At the end of the program, you will have the chance to showcase your final project at Montréal's SIDM Design Show in front of a panel of industry professionals. A unique opportunity to get noticed!

Career Prospects

Increased demand and retiring professionals are creating opportunities for Interior Designers and Decorators in Montréal's metropolitan area, offering promising job prospects. More details available on Canada's Job Bank website.

Career Fields

- Interior Designer,
- Interior Design Technician,
- Interior Design Project Manager,
- 3D Designer,
- Kitchen and Bathroom Designer,

Opportunities

Our unique approach incorporates real-world experience with classroom learning for hands-on, practical education.

- Collaborate with active industry professionals;
- Sharpen skills in a practical setting;
- Familiarize yourself with the software used by today's professionals;
- Create a portfolio tailored to your career objectives.

Cutting-edge Facilities and Equipment

Experiment with materials, patterns, and designs using cutting-edge, industry-standard equipment, software, and technology in our advanced facilities, including:

- Design classrooms,
- FLEX classrooms,
- Active learning classrooms,
- And many others!

Actively participate and collaborate with teachers using these specialized facilities, boosting your motivation and confidence.

Diploma and Accreditation

This Attestation of College Studies (ACS) is approved by the ministère de l'Enseignement supérieur of Québec and is internationally recognized.

ACS programs are part of continuing education and destined primarily for adults seeking to add value to their skill set or reorient their career.

A student without a Certificate of eligibility (CEO) who begins an ACS program in English will be required to demonstrate sufficient knowledge of French, as defined by the regulations of the Ministère de la Langue française, in order to graduate.

For this program, you'll
need to use your own
computer equipment.

Work Experience

Employers actively seek candidates with practical experience. In addition to offering a Career Service, LaSalle College combines classroom learning with real-world work experience.

Our Interior Design program includes a **60-hour internship** as part of the curriculum.

Admissions Criteria

Exceptions to these admission criteria may be applied.

Every application is reviewed by the College.

To be eligible for acceptance into an ACS program, applicants are generally required to meet one of the following criteria:

- Have interrupted their full-time studies for at least two (2) consecutive semesters or one (1) full school year; or
- Have followed post-secondary studies for a period of at least one (1) year; or
- Have a Secondary School Diploma (SSD) or a Diploma of Vocational Studies (DVS), and the program allows them to receive a technical training that is not available in a DCS program; or
- Have an equivalent education or an instruction deemed sufficient and meet the admission criteria set for college studies.

List of Courses

ACS programs are based on DCS program curricula, but do not have general education courses like French, English, or Philosophy.
